Education

CMR Technical Campus — B.Tech, Computer Science & Engineering (AI & ML)

Nov 2022 – Jul 2026

GPA: 8.87/10.0

Projects

Smart Civic Issue Reporting System

- Designed a web application for automated civic complaint reporting and validation, featuring live location tracking and deep learning-based image classification.
- Integrated dashboards for citizens, municipal officers, and admin monitoring.
- **Tools:** HTML, React, Node.js, Express.js, MySQL, MobileNetV2.

Human Suspicious Activity Detection

- Developed a ResNet-based system for detecting suspicious behavior in CCTV footage.
- Integrated a user-friendly Tkinter GUI for real-time interaction and alerting.
- **Tools:** Python, ResNet.

Twitter Sentiment Analysis

- Designed a sentiment analysis application using Python and NLP for processing Twitter data.
- Achieved 85%+ accuracy for sentiment classification.
- **Tools:** Python, NLP.

Technical Skills

Languages: Java, Python

Web: HTML, CSS, JavaScript

Database: MySQL

Tools: GitHub, Git, VS Code

Coursework: Database Management Systems, AI & ML, OOPS, Data Structures & Algorithms

Certifications

- Agentforce Specialist — Salesforce, Dec 2025
- TCS iON Career Edge — AI Foundation — Tata Consultancy Services, Jul 2026
- Data Structures & Algorithms (DSA with Java) — Apna College, Mar 2025
- Generative AI Virtual Internship — AICTE, Dec 2024
- Software Engineering Job Simulation — JPMorgan Chase & Co. via Forage, Jul 2026

Leadership & Responsibilities

Coordinator — Akriti Club, CMR Technical Campus

- Coordinated non-technical events including Pegasus 2K24, Vasudiavathkam 2K24, and Anusmaran 2K24.

Achievements

- TCS CodeVita Season 13: Global Rank 7802.
- HackerEarth: Ranked 2nd in a college-level coding contest.
- Institution's Innovation Day: Secured 3rd place and presented a "Human Following Robot" prototype.
- Solved 500+ DSA problems across multiple coding platforms.
